CEMS – the Global Alliance in Management Education

CEMS is a strategic alliance of leading business schools and multinational companies. Its first mission is to set a global standard of excellence for pre-experience Master's in management. The Stockholm School of Economics has been a member of CEMS since 1991. It gives the SSE master students the opportunity to fulfill certain program requirements and to receive not only a degree from SSE, but also the CEMS MSc in International Management.
