

# WELCOME TO SSE!

The Stockholm School of Economics (SSE) is ranked as the best business school in the Nordic and Baltic countries. SSE educates talented women and men for leading positions in the business community, politics, NGOs and the public sector, and has done so since 1909. Our school has earned a reputation for excellence, both in Sweden and around the world.

## A SMALL SCHOOL WITH A BIG IMPACT

Our school is relatively small, with only about 1,800 students, which creates close ties between students, faculty and staff. Classes are small and faculty are highly accessible. Teaching includes interactive case studies. The more real things get, the more you learn.

## GRADUATES MAKING A DIFFERENCE

SSE Graduates make a difference. Of the top 30 Swedish companies on the OMX Stockholm 83% have at least one SSE alum on their Board of Directors and Executive Management team.

## VALUABLE CONNECTIONS

We work in close cooperation with the business community, which make a strong impact on the education. Real problems and solutions are used in class, and we make sure our students get what the employers are looking for. Our more than 110 corporate partners provide plenty of opportunities
