

United Students SSE

As per requests from Swedish citizens, we have organised for an account to which you can donate funds. This account is a private individual's account, our project manager Victor White to which his personal phone number is tied.

Our statues of transparency are as follows:

- Our intentions are to cover the upfront cost in relation to our mission March 3-5, 2022 as we are going down to the Medyka, Poland border-crossing to supply nutrients & necessities to people fleeing a state of crisis.
- We take no political stance in the ongoing conflict, our sole purpose is to provide nutrients & necessities to women and children. This is inline with "Providing Food Security in States of Crisis", a Sasse Model United Nations seminar Victor attended February 16, 2022 as a student at the Stockholm School of Economics.
- In the case of "over-funding" we will make a decision how to best allocate the remaining funds, based on our experience from our mission, Sunday, March 6th, 2022.

International bank transfers take **1-3 business days** to settle. Please email us with a confirmation of your donation: **UnitedStudents.contact@gmail.com**
