

MSc FINANCE

The Stockholm School of Economics (SSE) is one of Europe's leading business schools. We have been ranked as the no. 1 business school in the Nordic and Baltic countries over fifteen years in a row by the Financial Times. SSE offers programs of the highest international standards, including Bachelor, Master, PhD, MBA and Executive Education programs. The School also conducts world-class research.

Our programs are developed in close cooperation with the research and business communities, which give our graduates great potential to attain leading positions in companies and other organizations. SSE is accredited by EQUIS, certifying that all of the main activities – teaching as well as research – are of the highest international standards. SSE is also the only Swedish member institution of CEMS and PIM, which are collaborations between top business schools worldwide, contributing to the high quality SSE is known for.

MSC PROGRAM IN FINANCE

SSE has a century-long tradition of academic excellence, practical education for business and beyond, with a global perspective and with strong connections to the business world in Sweden and beyond. The faculty teaching in the MSc program in Finance include leading experts with worldwide recognition. The program consistently places highly in global rankings, including 20 world-wide in the Financial Times 2022 ranking of Masters programs.

Every year, the MSc program in Finance brings together a global community of talented students with a passion for finance and business. The program offers an outstanding learning experience and prepares students for diverse and successful careers. Post-graduation career opportunities are consistently excellent, in financial centers like Frankfurt, New York, Shanghai, London and Stockholm.

Once enrolled, students follow a rigorous, practical curriculum taught by leading faculty. Students specialize in Corporate Finance or Investment Management. The curriculum offers considerable additional flexibility, allowing students to choose from a range of electives in finance as well as other fields. Elective choices include courses on Sustainable Finance, Private Equity, Venture Capital, Value Investing, Mergers & Acquisitions, and Wealth Management, often taught with case studies. A Data Analytics Track has recently been added. Throughout, SSE students meet a teaching environment that is both immersive and interactive. Courses are designed to build

expertise, skills and insight. The school's student community is engaged and cohesive, building lifelong connections. Students from the MSc program in Finance move on to positions in finance, professional services, real estate and elsewhere, all across the globe. The majority of graduates have finalized their initial placement at least three months before graduating.

"The network stemming from the program is unparalleled – I have been able to learn directly from the top business leaders in Sweden and in Europe thanks to the wide yet firm outreach."
